

COLOR - CUT solid outline - FOLD dashed lines - GLUE one tab

Wall Section 1

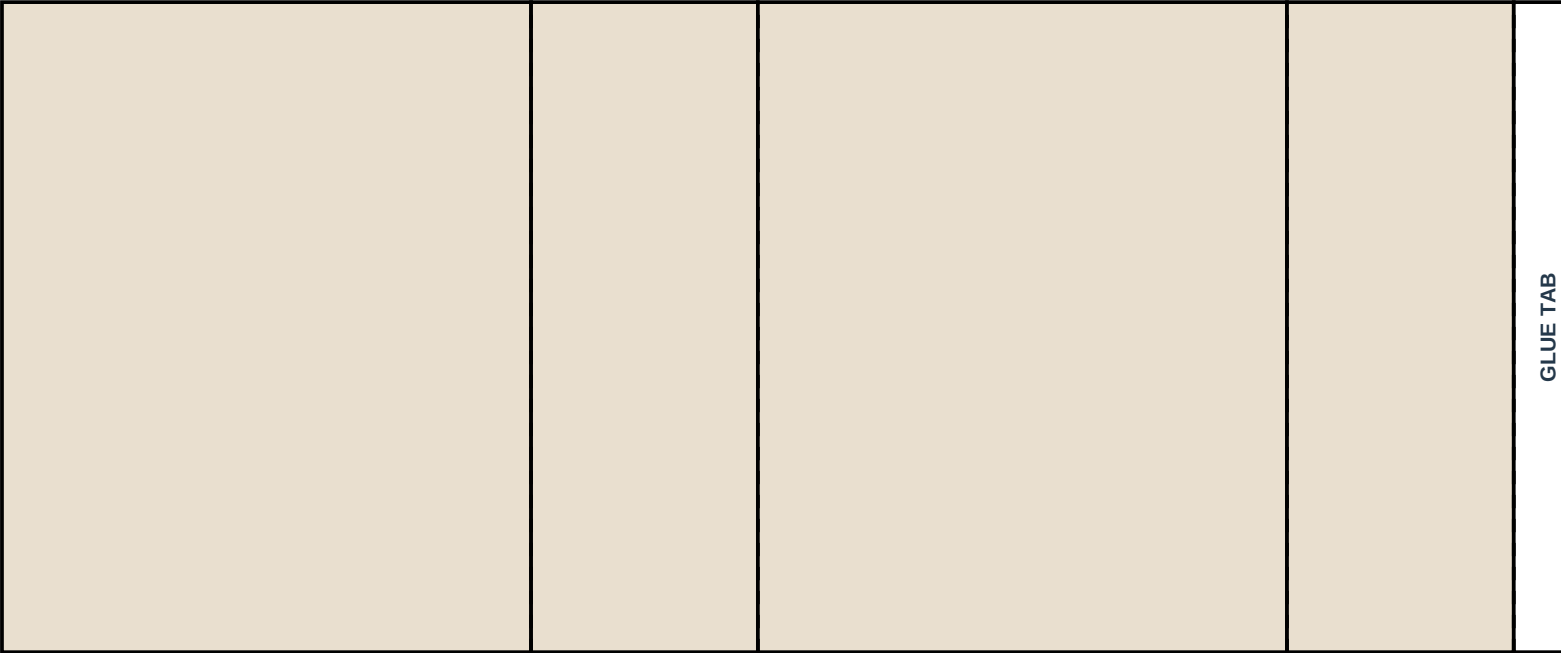

Wall Section 2

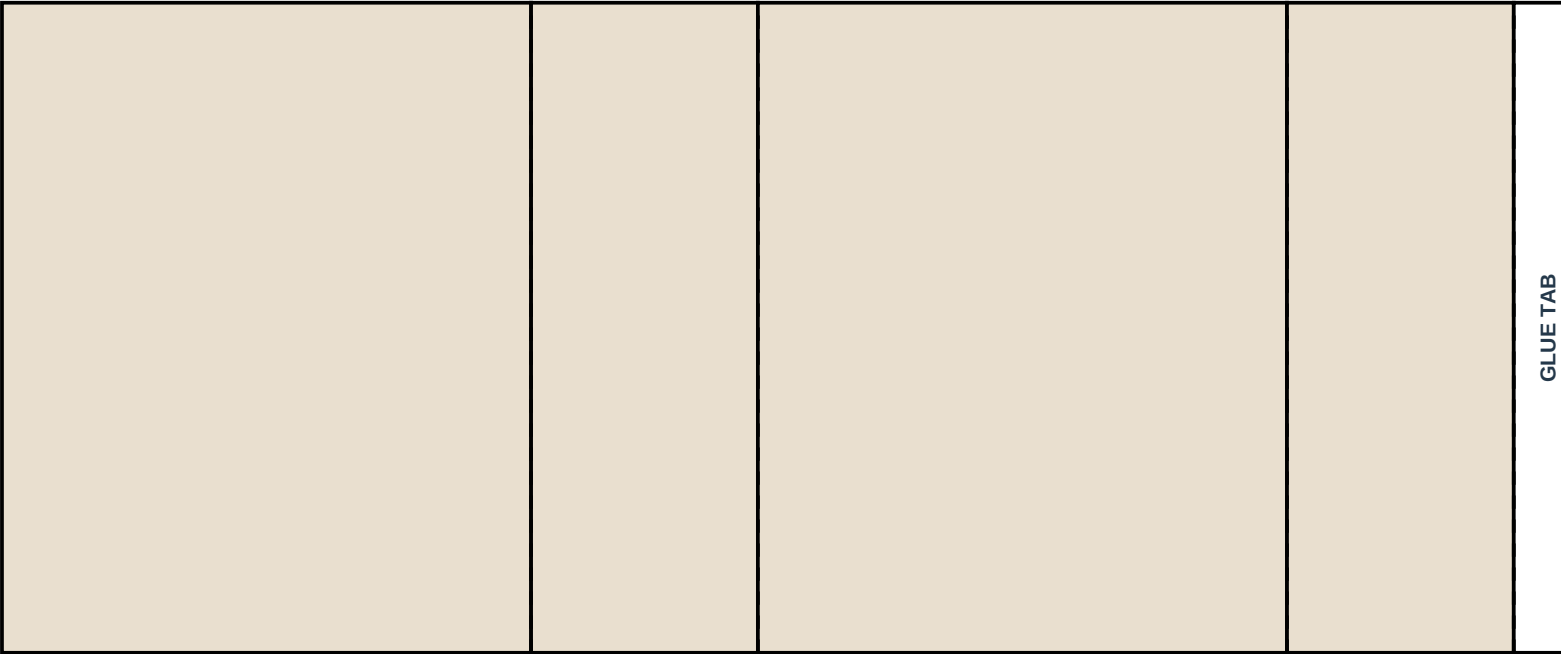

COLOR - CUT solid outline - FOLD dashed lines - GLUE one tab

Wall Section 3

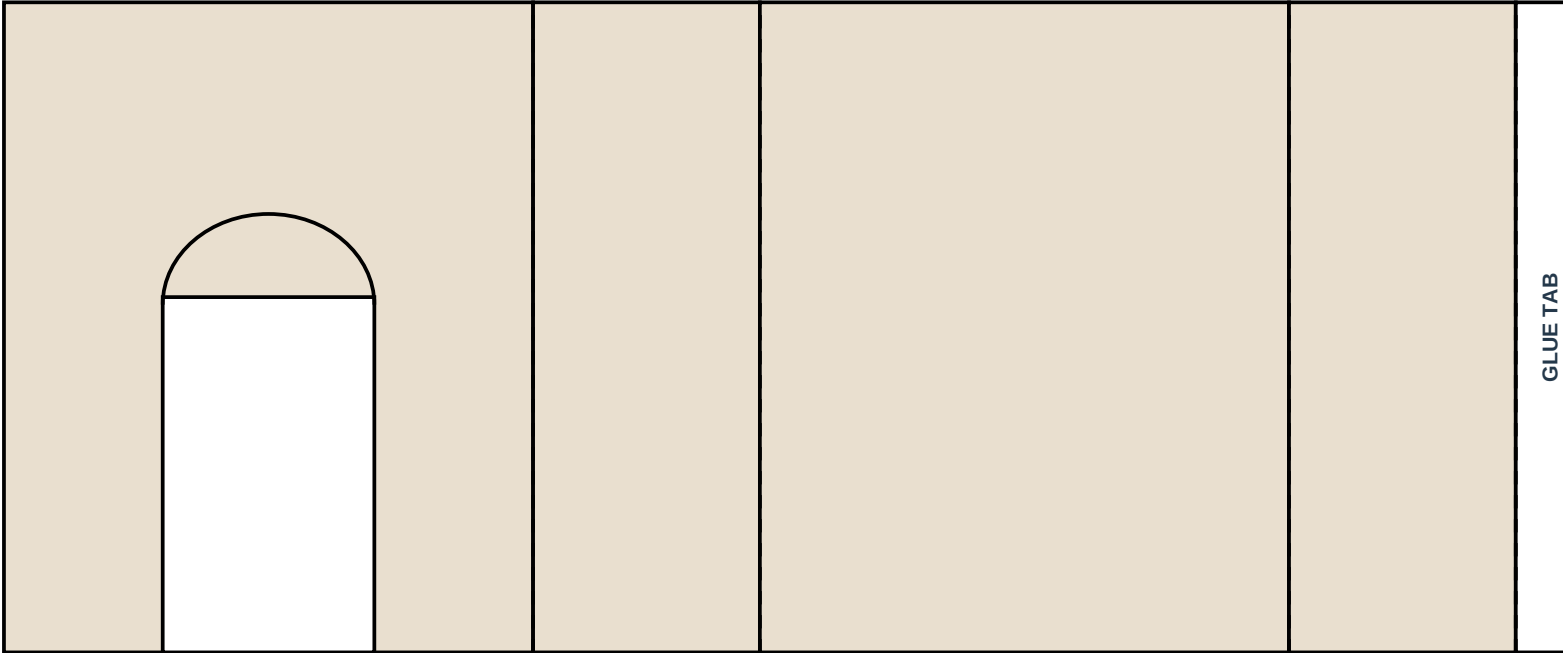

Wall Section 4

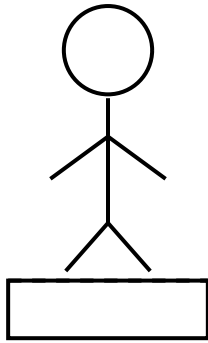

Gate Section - same easy box fold as the wall sections

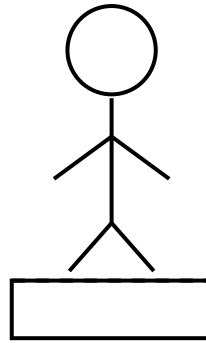

Jericho Gate

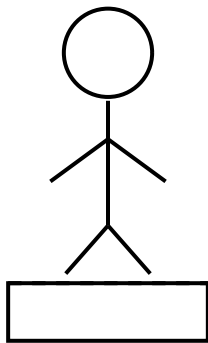

Cut out each figure and fold the bottom base backward to stand.

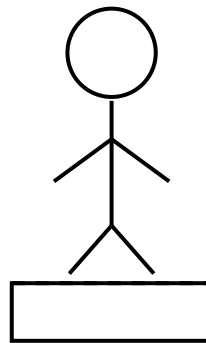

Joshua

Trumpeter

Ark Carrier

Ark Carrier

Build It - March Around It - Make It Fall!

1. Color all pieces.
2. Cut around solid outside lines.
3. Fold each wall and gate on dashed vertical lines.
4. Glue the single wide tab to close each section.
5. Stand the four walls and gate next to each other - do not glue them together.
6. March Joshua and the Israelites around the walls as you retell Joshua 6.
7. Gently knock the separate sections down: the walls came tumbling down!

Practical design check:

All five structures use the same four-panel box fold and only one glue seam.

Separate sections stand independently, so the wall can safely tumble during play.
